

Additional notes from July 11 WISDOM Summer of Solidarity: Transportation.

Particular new information not shared in July 11 powerpoint

- An update from Sierra Club that not only shares petition but other actions regarding Evers proposal acting on Hwy 94 Expansion and a news feature with Rev. Marilyn Miller.
- Attached pdf of executive summary of 2013 Keep Wisconsin Moving Forward—the Transportation Finance and Policy Commission report that recommended \$36 million increase for transit. See page 11 of attached pdf also with this forceful statement: “The Commission’s recommendations are not a wish list. Based on its review of the needs of the transportation network and the investment level necessary to address those needs, this is the minimum investment that will maintain current conditions across the modes over the next 10 years.
- Link to the news video highlighting Wausau’s story that Kathi Zoern shared of when Weston eliminated transit service.

Update from Sierra Club Regarding Call to Action regarding the resurgence of I-94 Highway Expansion

Here are three things you can do this week:

- 1.) [Sign the Petition](#) to the Governor and Lt Governor asking them to cancel plans
- 2.) [Attend the hearing of the Governor’s Task Force on Climate Change this Wednesday](#)- the theme is "Green Transportation and Infrastructure". Remind the committee and the Lt Gov that climate governors don't expand highways
- 3.) On Wednesday, repost/retweet/share graphics on social media (CMRT on [Facebook](#) and [Twitter](#)) and tag Governor Evers and Lt Gov Barnes calling for them to cancel plans. Watch for graphics to be posted regularly

MICAH President Rev. Marilyn Miller is featured here about the current Evers’ initiative to increase lanes in the freeway that cut up the City of Milwaukee:
